

The Fortrex range is equipped with a semi-rigid structure in the back part that offers maximum **STABILITY in the rear foot and impact resistance** to the heel area.

SmellStop

3D hi-tech fabric lining for the best breathability with **permanent antibacterial treatment***, it prevents the proliferation of bacteria and bad odours

Lining in **breathable technical textile** that combines thermal insulation to warmth and softness.

Dry'n Air OMNIA

Anatomic removable, scented **Dry'n Air** footbed. The patented technology guarantees air circulation using a system of ducts and holes. Results: high breathability which keeps the foot dry

SYSTEM FORTREX

Robustness, stability and total protection.

The Fortrex system provides the **"shield effect"** in the back of shoe, which **absorbs shocks** and gives **support** and snug fit to the **heel and ankle** area. In addition, the ultra-strong rigid part creates a **W-shaped barrier** against the risk of perforation from below and from the side, even with nails of 3 mm diameter (new requirement of EN ISO 20345) Moreover, there is a **cushioning effect** that ensures the energy absorption and comfort.

T-ROBUST MID B1605

FORTREX Range

(EN ISO 20345-2022) S7S HRO CI HI LG FO SR
(EN ISO 20345-2011) S3 WR HRO CI HI SRC
Sizes: **36 - 48**

Width

BOA® closing system.
Micro-adjustable, easy to open and close, constant fit.

The upper is made in a single piece of leather, without seams, using greased leather that is water-repellent, soft but robust with membrane **H₂stOp**

Wide toe cap to protect the tip of the shoe from scratches

SlimCap

- Metal free toe-cap: lighter
- Cap's thickness reduced, 35% less weight compared to the market standard weight.
- Equipped with a perfect, preshaped protective stripe to avoid the painful pressure on toes.

"V" ZONE

Flexible area to help bending.

VISCOELASTIC POLYURETHANE MIDSOLE

It absorbs shocks and **reduces vibrations**

Component resistant to PERFORATION and CUT

For maximum protection of foot's lateral part

HRO Rubber TREAD

Slip resistance, extreme temperature resistance. Sculpture very suitable for OUTDOOR environments

New: Ladder Grip

To get more grip on the ladder rungs

*SmellStop: Treatment made with biocide Zinc pyrithione (CAS-No. 13463-41-7) product type PT 09 who counteracts the deposit of microorganisms on the surface of materials.
