

### CS24 - Cooling Multiway Scarf

**Collection:** Cooling Accessories

**Range:** Cooling Range

**Shell Fabric:** Kingsmill Polyester  
Stretch: 92% Polyester, 8% Elastane  
180g

#### Product information

This Multiway Scarf can be worn in a combination of ways. The stretchy polyester elastane fabric allows for it to transform for a number of different uses but still retain its original shape.

#### Cooling Accessories

Portwest evaporative cooling products are constructed from an innovative PVA multi layered fabric which uses a unique polymer chemistry. Simply activate by soaking in water creating a chemical reaction within the fabric which enables the garments to act like a sponge; retaining water, keeping the body cool in hot weather conditions.

#### Cooling Range

This innovative range offers a comprehensive selection of products to help minimise the risk of heat stress and UV rays. Outdoor workers in construction, agriculture, mining, oil and gas and other industries frequently find themselves working in temperatures up to and over 40°C/100°F. This Cooling range is ideal for use in these conditions.

#### Features

- 4-way stretch fabric for ease of movement and added comfort
- This product is highly versatile and can be worn in a number of different ways
- Can be worn wet or dry
- Retail box which aids presentation for retail sales
- Keeps wearer cool for up to 8 hours
