

CV03 - Cooling Crown with Neck Shade

Collection: Cooling Accessories

Range: Cooling Range

Shell Fabric: 100% Polyester 140g

Filling Fabric: Super Absorbent Fibres 160g

Product information

This Cooling Crown is lightweight and very comfortable when in use. It can help to lower body temperature for several hours. It attaches to most hard hats and bump caps. This accessory helps protect head and neck from heat stress and sun rays.

Cooling Accessories

Portwest evaporative cooling products are constructed from an innovative PVA multi layered fabric which uses a unique polymer chemistry. Simply activate by soaking in water creating a chemical reaction within the fabric which enables the garments to act like a sponge; retaining water, keeping the body cool in hot weather conditions.

Cooling Range

This innovative range offers a comprehensive selection of products to help minimise the risk of heat stress and UV rays. Outdoor workers in construction, agriculture, mining, oil and gas and other industries frequently find themselves working in temperatures up to and over 40°C/100°F. This Cooling range is ideal for use in these conditions.

Features

- Lightweight and comfortable
- Neck shade for added protection against UV rays
- Hook and loop fastening for easy attachment
- Compatible with most helmets
- Keeps wearer cool for up to 8 hours
- Wicking, cooling and drying capabilities
- Soak in water to activate
