Product information

This innovative high leg boot is an ideal choice for the harshest winters and cold environments. Features includes a warm faux fur lining rated down to -30°C cold and a wire lace system which can be tightened or loosened with a single gloved hand. The leg padding, robust TPU heel counter and scuffcap give extra protection and stability. A deep cleated, nitrile rubber outsole provides outstanding grip.

Wire Lace System

The innovative wire lace system is designed with double strength wire for excellent durability. Features include a raised texture on dial for better fastening grip, rubberised dial chassis for better abrasion and a quick release push/pull locking clasp. Engineered central cavities aids wire tension across the vamp of the shoe and is specially positioned on the shoe to ensure a levelled, all-over, comfortable fit.

Foot Protection

Innovation, design, styling and quality components define the Portwest foot protection collection.
