

P101 - FFP1 Valved Respirator

Collection: Disposable Mask FFP1

Range: Disposable Masks

Inner Pack: 10

Outer Carton: 300

Product information

Ideal for applications involving dust, mists and fibres, the P101 should be used to protect the wearer from solid, oil and water based aerosols. The exhalation valve device can reduce resistance and expel hot air.

Disposable Mask FFP1

Disposable mask FFP1 level, protects solid and liquid particles without specific toxicity. Minimal % of filtration 80%. Protects up to 4 times the TLV (Assigned Protection Factor for FFP1 masks). Examples of applications: Handling of stone / rubble / cellulose. Our Biztex brand ensures exceptional quality and performance across our full range of disposable masks.

Disposable Masks

Our Biztex™ brand ensures exceptional quality and performance across our full range of disposable masks. The extensive Biztex range offers a high level of protection and quality safeguarding the wearer against many workplace risks including liquid chemicals, static electricity, dry particles and radioactive contamination. The complete Biztex range includes disposable masks and limited-life garments.
